## Why are we fundraising?

**We need to be good stewards of what God has blessed us with.**

Teen Time's facilities include a 350-acre ranch, with a lodge, cabins, riding arenas, a barn, an archery range, a paintball course, and a beach, as well as our Edmonton Office, out of Crosspoint's Church. There are continual maintenance costs associated with each of these facilities, as well as on the supporting vehicles and equipment.

### **Horses are expensive to care for.**

In addition to eating grass all summer, horses also require feed in the winter, visits from the farrier and vet, new tack such as saddles and lead ropes, and many other items. There is also continual maintenance to be done on the fences which enclose the pasture areas.

### **Most of all, we want youth to experience the love of Jesus!**

We want as many kids as possible to come to camp and experience God's love. However, many kids can't afford to pay the entire fee for camp. The more money we raise, the more money we can allocate to assisting families with the cost of camper fees. We also support staff with summer grants.

---

*For God so loved the world that He gave His only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. – John 3:16*

---

There are many costs associated with operating and maintaining a summer camp. Camp fees cover approximately half the cost of running the camp. To keep camp fees as low as possible, we need to supplement our summer camp revenue with additional funds.
